

Dear CDW Trainers,

Thank you to those who were able to attend the September 25<sup>th</sup> and October 2<sup>nd</sup> LEA Trainer webinars. The presentation has been posted to the CDW LEA Trainer wiki. All trainers were invited to the wiki in the month of July. If you did not receive an invitation, check your Spam/Junk email folder. The email would have come from 'wikispaces' rather than a DPI email address. If you did not receive the invitation, please contact me and we will be happy to resend the invite.

Additional trainer meetings scheduled through the calendar year and their respective registration links have also been posted to the wiki.

Webinars that are open to all LEA and school staff have been posted to the CEDARS Events page:  
<http://www.ncpublicschools.org/cedars/reporting/events/>

Please share the link with your LEA and school staff as soon as possible and encourage them to attend. Sessions begin October 9<sup>th</sup>. The Overview session will provide information about the type of data that is loaded into the CDW, the resource documents that are available and how to register for access to the system. The second session in the webinar series will provide a demonstration of the dashboards.

If at any time you have questions, please don't hesitate to contact the team at [cedars-info@dpi.nc.gov](mailto:cedars-info@dpi.nc.gov)
